TEACHER AND STUDENT TESTIMONIALS

"HOME was fantastic at offering a backstage tour of the theatre. This gave my students a real experience of what it is like working in a theatre and they were able to speak to experts in the field who were able to answer any questions that they had. This has really helped my students with the Component 3 exam in the Drama specification as it has enabled them to picture what it would be like to actually stage their set text in a theatre."

**- Mrs Mrozinski – Head of Drama,
Altrincham College**

"Visiting HOME Theatre is always something our students enjoy. From seeing live theatre in a caravan, or a modern adaptation of Othello and Macbeth to watching a Christmas film with an ice cream break, students never forget the experience. This is the WHOLE experience the way it brings about unique ways for our students to discover the answers for themselves. This adds purpose and value to their creativity and ultimately improves their self-esteem, motivation and achievement." **- Bethan Evans, Newall Green High School**

"Well presented. The preparation before the film was very good, makes it very accessible!" **- Teacher after GCSE A level French study morning Chocolat**

"The training was fantastic, being able to work with the artists at the CPD event was really beneficial as the artist we are working with got to know more about our students. The resources and support have been great. The box has created a real buzz and we have had the whole school involved." **- Teacher after the Barbican Box project 2018**

"Best day ever" **- Pupil after Slapstick performance**

"I had an amazing time and thought it was a really great experience. I found it really interesting looking behind the scenes and seeing how a play is created. I really learnt a lot and appreciate the fact you took us on a very in-depth tour. I really loved it!"

- Pupil after a building tour

ROOTS

Wed 11 Dec 2019 – Mon 30 Dec 2019

We need to know who we were, so we can imagine who we might be

1927 have unearthed a series of rarely told folktales that offer a glimpse into imaginations from a pre-industrialized age. Tyrannical ogres, magical birds, and very, very fat cats are brought to life with the company's signature fusion of handcrafted animation and storytelling, with a live score involving Peruvian prayer boxes, donkey jaws, violins, and musical saws. This world premiere considers the narratives of our forefathers and how they might shape the stories of our future.

1927 are on the AQA and Eduqas syllabus as prescribed practitioners.

This intricately crafted performance combines Gecko's unique blend of theatre, choreography and stunning imagery with incredible performers from Mind the Gap.
