

## RISK ASSESSMENT

### General Visits – Engagement (December 2020)

#### Current coronavirus Information for visiting Schools and Colleges

Please make sure before any visit that we are open – you can check this on the landing page of our [website](#)

HOME takes the health of our visitors, staff, artists and volunteers very seriously. We are currently following Government advice for organisations during the coronavirus outbreak; while we are open all events will go ahead in a COVID secure environment. We are monitoring official advice and will make any future decisions based on that advice.

We have taken some extra precautions to help keep everyone healthy during this time:

- We have extra cleaners in who are cleaning the building during the day, in addition to our out-of-hours cleaning. They are concentrating particularly on door handles and handrails to help minimise contamination.

We've also put posters up around the building to remind all staff and visitors of the precautions to take to help fight the spread of the virus. The NHS advice is:

- Wash your hands with soap and water often – do this for at least 20 seconds
- Always wash your hands when you get home or into work
- Use hand sanitiser gel if soap and water are not available
- Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- Put used tissues in the bin immediately and wash your hands afterwards
- Try to avoid close contact with people who are unwell

**It is mandatory to wear a face covering from age 14+ unless exempt.**

The symptoms of coronavirus are a high temperature and a continuous cough. If you have these symptoms, however mild, you should stay at home for seven days and follow the [Government advice on self-isolation](#). This applies even if you have not been tested for the coronavirus.

If you have had exposure to a confirmed case but not shown symptoms, you should self-isolate for 14 days.

NO	TASK	HAZARD (HARM)	CAUSE	LIKELIHOOD	SEVERITY	ACCEPT Y/N	CONTROLS	LIKELIHOOD	SEVERITY	ACCEPT Y/N
<u>1</u>	Fire exits to be checked before start of events	Young people and adults trapped in event of fire.	Fire exits blocked.  Those with disabilities not knowing there is an emergency or being unable to escape.	<u>3</u>	<u>5</u>	<u>N</u>	Visual and sound alarms checked weekly.  Front of House staff to ensure In advance of event that all fire doors are unlocked and all exits are unblocked.
